What are the significance of master of roster?

 $n\n$

\n

 Master of Roster is a judge appointed by the SC to list out the allocation of cases to different judges, for preventing two different benches from hearing the same kind of case.

۱'n

- The Roster will allow for effective case management, by allocating similar cases to judges with more experience.
- Last year, the SC through few judgements, formalised the "convention" that the CJI is *Sui generis* (unique) and hence the master of roster.

What events led to the judgements regarding issue of roster?

 $n\n$

۱n

- Earlier in 2017, four senior most judges of the SC had blamed the present CJI for selectively allotting cases to preferred benches.
- In response to that, the CJI published a new subject wise roster for allocation of cases.

\n

- This allocation, did little to pacify the judges as the CJI allocated most important public litigations matters to himself.
- Following this, a verdict responded to the criticism by declaring that the CJI is only a first among the equals as a judge.
- But the bench also agreed that no one, even the fellow judges of SC can question the powers of CJI as the court's top administrator.
- \bullet Final judgement confirmed that the CJI's dominance over the roster was necessary to protect the SC from anarchy. $\$

What are the concerns of the SC judgements?

 $n\n$

\n

• There is a deterioration in the unwritten and righteous custom that the law of the land is supreme.

\n

- Concentration of immense powers on a single person is harmful for the nation and is also against the principles of democracy.
- The issues triggering these judgements are also concerning as the cases were relating to allegations of a conspiracy to bribe SC judges.
- Previous norms of pronouncing sensitive judgements by consulting with collegium also will get affected as the CJI will solely decide on cases as well as judgements.
