

## **GST Council on MSMEs**

### **Why in news?**

\n\n

The GST Council has recently proposed certain measures to ease the issues of Micro, Small and Medium Enterprises (MSMEs).

\n\n

### **What are the proposals?**

\n\n

\n

- **MSMEs** - A six-member panel of ministers would be set up to look into the issues in the MSME sector.

\n

- It will be headed by the Minister of State (MoS) for Finance.

\n

- **Taxation** - The Law Committee will take decisions related to taxation law.

\n

- On the other hand, the *Fitment Committee* will take decisions related to taxation rates.

\n

- **Digital Payments** - It was proposed to incentivise digital payments through Rupay cards, BHIM app and UPI system on trial basis.

\n

- A 20% cashback will be available on digital payments through these mediums.

\n

- Customers would get cashback of 20% of the total GST amount, subject to a maximum limit of Rs 100.

\n

- This is to promote cashless transactions in rural and semi-urban areas and help small firms.

\n

- The GSTN and the National Payments Corporation of India will soon develop a system for the above.

\n

- States will volunteer to run a pilot on these lines.

\n

- A final decision will be taken after a detailed system-wide evaluation of such incentives.

\n

\n\n

## **What is the significance?**

\n\n

\n

- There were many implementation concerns in the MSME sector ever since the roll out of GST.

\n

- Firms with an annual turnover of less than Rs. 5 crore constitute 93% of the registered taxpayers under the GST.

\n

- GST has notably been a major hindrance to the smooth functioning of this large proportion of small firms.

\n

- The proposed ministerial panel may recommend further easing of compliance for micro firms.

\n

- It may also enhance the Rs. 50,000 threshold for mandatory use of e-way bills.

\n

- It is thus expected to facilitate the growth of MSME sector in many ways.

\n

\n\n

## **Quick Fact**

\n\n

**Fitment Committee**

\n\n

\n

- The rate fitment committee comprises of tax officials of the central and state governments.

\n

- Its task is to evolve a principle and an appropriate methodology to determine rates for various supplies under GST.
