

## **Infrastructure regarding Food Safety in States**

## Why in news?

The FSSAI has released the Fourth State Food Safety Index recently.

## What is State Food Safety Index?

- FSSAI has developed State Food Safety Index to measure the performance of states on various parameters of Food Safety.
- It was first started in 2018-19 with the aim of creating a competitive and positive change in India's food safety ecosystem.
- This index is based on performance of State/ UT on five significant parameters
  - Human Resources and Institutional Data
  - Compliance
  - Food Testing Infrastructure and Surveillance
  - Training & Capacity Building
  - Consumer Empowerment

#### What about the recent index?

- ullet In the  $4^{ ext{th}}$  index, Tamil Nadu topped the list among larger states, followed by Gujarat and Maharashtra.
- Among smaller states, Goa was the winner, followed by Manipur and Sikkim.
- Jammu and Kashmir emerged top among Union Territories, followed by Delhi and Chandigarh.

## How can the States' index be improved?

- **Support of the Centre** States need the support of the Central government in developing food laboratory infrastructure and enhancing manpower.
- **Assistance** Liberal assistance should be provided to the States and Union Territories as far as laboratory infrastructure and improvement of manpower are concerned.
- **Role of private sector** The private sector should come forward in a big way to have staff trained at their cost to improve the productivity.
- **Use of ICT** The participation of information technology majors with the help of non-governmental organisations can be utilised in getting surplus food distributed to the needy.

# What are some of the important initiatives for food safety in India?

- **Eat Right India Movement** to transform the country's food system in order to ensure safe, healthy and sustainable food for all Indians.
- Eat Right Station Certification- awarded by FSSAI to railway stations that set benchmarks (as per the FSS Act, 2006) in providing safe and wholesome food to passengers.

- The Eat Right Research Awards and Grants- for high quality research in the area of food safety and nutrition in India.
- **PAN-India survey** for identifying the presence of industrially produced trans fatty acid content in the selected foods has been released.
