### What are the major misses in the G20 Summit?

- **Transport corridor** - There were no details about financing or a time frame for the project that involved laying down railway lines in the Middle East and then connecting them to India by port.
- **Biofuel Alliance** - India currently battles deep malnutrition, hyper food inflation and bad harvests.
- Converting arable land for ethanol production seems to please the US which has major interest in biofuel.
- **Climate change** - The G20 nations collectively contribute to approximately 80% of global emissions.
- However, the leaders at the G20 Summit did not reach a consensus on the phase-out of fossil fuels.
- It also did not provide any plan to amend existing policies and targets in order to achieve the target of ramping of renewables.
- **Absence of leaders**- This year's summit is notable for the absence of Chinese President Xi Jinping and Russian President Vladimir Putin.
- **Global financial system reforms** - The summit talked about restructuring the global financial system that was devised in the Bretton Woods Conference at the end of World War II but there are no timelines or an action plan.
- **Debt** - Relief is needed for the countries struggling with debt row, but no concrete steps were announced.
- International aid agency Oxfam called the summit “uninspiring and underwhelming” with no action being taken to tackle poverty, inequality and climate change.
- **Russia Ukraine War**- Ukraine criticised the New Delhi Leaders' Declaration as it did not explicitly mention Russia's aggression towards Ukraine.

### What lies ahead?

- **2024 Presidency**- India has formally handed over the G20 presidency to **Brazil**.
- The next G20 summit is in *Rio de Janeiro, Brazil*, in 2024, with President Luiz Inacio Lula da Silva taking over the presidency.
- **Agenda priorities**-
  - Social inclusion and the fight against hunger
  - Energy transition and sustainable development in its social, economic and environmental aspects

- Reform of the global governance institutions
