Characteristics of PVTGs

- **Dhebar commission-** In 1973, it created Primitive Tribal Groups (PTGs) as a separate category, who are less developed among the tribal groups.
- **PVTGs-** In 2006, the Government of India renamed the PTGs as Particularly Vulnerable Tribal Groups (PVTGs).
- **Features-** They are mostly homogenous, with a small population, relatively physically isolated, social institutes cast in a simple mould, absence of written language, relatively simple technology and a slower rate of change etc.,
- **Statistics-** Highest PVTGs is present in Odisha (13) followed by Andhra Pradesh (12).
- **Chhattisgarh-** It has 7 PVTGs namely Kamar, Baiga, Pahadi Korba, Abujmadiya, Birhor, Pando and Bhujia.
- **Scheme for Development of PVTGs-** It was established in 2008 to adopt a holistic approach to the socio-economic development of PVTGs.
- **Pradhan Mantri PVTGs Development Mission-** It was introduced in the Union Budget 2023-24 to improve the socio-economic status of PVTGs and bridging gaps in health, education, livelihoods, and basic infrastructure.

What are the challenges in implementation of the scheme?

- **Data inaccuracy**-There is lack of current data on PVTGs, as no census since 1951 has accounted for them separately.
- **Lack of transparency**- The current project is going ahead with the baseline surveys but the results are not made public.
- **Lack of accountability**- The scheme involves multiple ministries, this may lead to issue of overlapping or conflicting mandate, gaps in service delivery etc.,
- **Loss of ecological diversity**- Some of the interventions such as road construction may affect the availability and quality of natural resources.
- **Loss of cultural heritage**- The scheme provides education, health, skill development etc., this may result in loss of their intellectual and cultural heritage, and reduce their resilience and adaptability.
- **Lack of autonomy**- Mobile connectivity, Anganwadi centres and Bandhan Vikas Kendra may bring the PVTGs under the purview of state and market forces and compromise their sovereignty and rights.

What lies ahead?

- *National Advisory Council (NAC) 2013* report on the state of PVTGs had recommended that the Ministry of Tribal Affairs should design and conduct a Census specifically for the PVTG communities.
- The Census should not just enumerate but also find out the status of education, health, and housing.
