### TholpavaKoothu

\n\n

\n

- TholpavaKoothu is a unique shadow puppet theatre form of Kerala.
- It is an ancient peculiar ritualistic art form dedicated to Bhagavati, worshiped by the people of Kerala as the Mother Goddess.
- It is performed using **leather puppets** at the specially constructed theatre called **Koothu Madam** in front of the Bhagavati temple.
- It is believed to have originated in the ninth century AD.
- It uses Tamil epic "Kamba Ramayana" as its basic text.
- The language used is a dialect of Tamil with an admixture of Sanskrit and Malayalam words.
- It is a fine example of the integration of Aryan and Dravidian cultures.
- It is preserved as a family tradition by the Pulavars.

## INSV Tarini

\n\n

- \n
- INSV Tarini is the Indian Navy's second ocean going sailboat.  
\n
- Navika Sagar Parikrama is a project wherein a team of women officers of the Indian Navy would circumnavigate the globe on INSV Tarini.  
\n
- This is the first ever Indian circumnavigation of the globe by an all-women crew.  
\n
- It has completed its first leg of its maiden voyage (Goa to Australia) and started its second leg of its global expedition from Australia to New Zealand.  
\n
- "INSV Tarini" was built based on the design of famous temple Tara Tarini.  
\n
- The temple is situated in Kumari hills at the bank of the River Rushikulya, Odisha.

## Ancient Spiral Galaxy

\n\n

- \n
- Scientists have discovered the most ancient spiral galaxy in the universe known as “A1689B11” that existed almost 11 billion years ago.
  - It existed just 2.6 billion years after the Big Bang (13 billion years ago), when the universe was only one-fifth of its present age.
  - It is a spiral galaxy, which could provide insights into the early cosmos.
  - Scientists used a powerful technique on the **Gemini North telescope in Hawaii** to verify the spiral nature of the galaxy.

\n\n

## Aircraft Launch System

\n\n

- \n
- India is going to launch second indigenous aircraft carrier (IAC-II) - INS Vishal, using US based aircraft launch mechanisms.
  - It will have to choose between catapult-based aircraft launch mechanism (CATOBAR) and electro-magnetic aircraft launch system (EMALS).
  - CATOBAR is powered by a steam catapult and EMALS uses an electric motor-driven catapult instead.
  - The use of electro-magnetic energy allows the launch of much heavier aircraft and also reduces the stress on the aircraft.
  - INS Vishal, 65,000-70,000 tonne nuclear-powered vessel is a follow up of INS Vikrant class of aircraft carriers.
  - India’s first domestic carrier, Vikrant, weighing 40,000 tonnes, is scheduled to be launched by 2018-end.
  - It works on a Short Take-Off But Arrested Recovery (STOBAR) mechanism similar to that in the present carrier INS Vikramaditya.

## Black Buck Reserve

\n\n

\n

- A wildlife conservation reserve dedicated exclusively to the blackbuck is coming up in the Trans-Yamuna region of Allahabad near the MP and UP border.

\n

- Blackbuck or *Antilope cervicapra*, also known as Indian Antelope is found in India, Nepal and Pakistan.

\n

- It is the sole living member of the genus *Antelope* and is classified under the family *Bovidae*.

\n

- It is known for its majestic spiral horns (in males) and coat colour contrasts.

\n

- They are found in the open Savannahs of north and central India, but are now restricted to just a few patches and habitats.

\n

- It is inhabited in:

\n

\n\n

\n

- i. Velavadar Wildlife Sanctuary in Gujarat

\n

- ii. Ranibennur Blackbuck Sanctuary in Karnataka

\n

- iii. Great Indian Bustard Sanctuary in Maharashtra

\n

- iv. Kaimur Wildlife Sanctuary in Bihar

\n

\n\n

\n

- It is protected under Schedule 1 of the Wildlife Protection Act and Appendix III of CITES (Convention on International Trade in Endangered Species).

\n

- The reserve in Allahabad is the first ever conservation reserve of its kind in UP.

\n

\n\n

## **Autumn Leaf**

\n\n

\n

- The Autumn Leaf is a rare butterfly species normally found in Karnataka and

Kerala.

\n

- It resembles a leaf found in the autumn with an orangish tinge.
- It is spotted for the first time after few years, in the Grizzled Squirrel Wildlife Sanctuary (GSWS), Tamil Nadu.
- GSWS, also known as Srivilliputhur Wildlife Sanctuary, home to the endangered grizzled squirrel, is bordered by Periyar Tiger Reserve and Palaghat gap.
- It is considered as one of the Butterfly hotspots.
