### **Akash Missile**

 $n\n$ 

\n

 Akash is an indigenously developed medium-range, surface-to-air missile defence system.

\n

- It can target aircraft up to 30 km away, at altitudes up to 18,000 m.
- It consists of Rohini radar that detects incoming aircraft with a range of 120 km.

\n

- It can intercept fighter jets, cruise missiles as well as ballistic missiles.
- Recently, it was test fired with an indigenous radio frequency seeker.
- This is the first surface-to-air missile with indigenous seeker that has been test fired.

\n

• With this success, India has achieved the capability of making any type of surface-to-air missile

۱n

• This missile is being inducted into Army as Short Range Surface to Air Missile (SRSAM).

# **Gulf Cooperation Council**

 $n\$ 

۱'n

 The Gulf Cooperation Council is a regional political and economic alliance of six Gulf States.

\n

• Bahrain, Kuwait, Oman, Qatar, Saudi Arabia, and the United Arab Emirates are the member countries.

\n

• It is headquartered in Riyadh, Saudi Arabia.

\n

• Its aim is to achieve ever closer union between the energy rich Gulf countries.

\n

- The UAE has recently announced that it has formed a new economic and partnership group with Saudi Arabia, separate from the GCC.
- This move could undermine the popularity of GCC.

### **Global Education Monitoring Report**

 $n\n$ 

\n

• The Global Education Monitoring Report 2017-18 of UNESCO has been released recently.

\n

• The report expresses concern over school textbooks in many countries glorifying war and military heroes rather than teaching peace, non-violence and reconciliation.

\n

- It says that that just 10% of the textbooks across the world include explicit statements on the need for conflict prevention and resolution.
- Click <u>here</u> to know more about UNESCO.

### Soil Health Card Scheme

 $n\n$ 

\n

- $\bullet$  Soil Health Card scheme was launched in 2015 in Rajasthan.  $\mbox{\sc h}$
- The card informs farmers about nutrients status of the soils along with the recommendation on appropriate dosage of nutrients to improve soil health and fertility.

\n

- The card will be issued once in every 2 years to a farm so that nutrients deficiency can be regularly detected and improved.
- The aim is to provide Soil Health Card to all 120 million farm holdings by Dec, 2017.

\n

• In the first phase of the scheme (2015-17), 100 million SHC have been distributed.

\n

• The second phase began on May 1, 2017, and will continue for the year 2017 to 2019.

\n

- $\bullet$  This scheme is being implemented in collaboration with State Governments.  $\mbox{\ensuremath{^{\text{Nn}}}}$
- Every year World Soil Day is celebrated on 5th December

### **International Solar Alliance**

 $n\n$ 

\n

- The ISA is an Indian initiative, jointly launched by India and France in Paris, on the sidelines of COP-21, the UN Climate Conference.
- It has recently become a treaty-based international intergovernmental organization with the ratification by Guinea as the  $15^{\rm th}$  country.
- $\bullet$  It aims to channel \$300 billion in 10 years to promote renewable energy projects under a global mega fund for clean energy. \n
- The framework agreement was opened for signatures in the 22nd session of the UN Climate Change Conference held at Marrakech, Morocco in 2016.
- So far, 46 countries have signed and 19 countries have ratified the Framework Agreement of ISA.
- The Headquarters is in India with its Interim Secretariat being set up in National Institute of Solar Energy, Gurgaon.
- Further, ISA has also been developing a Common Risk Mitigating Mechanism (CRMM) for de-risking and reducing the financial cost of solar projects in the ISA member countries.
