International Telecommunication Union (ITU)

\n\n

\n

- India has been elected as a Member of the ITU Council for another 4-year term (2019-2022).

\n

- India has been a regular member of the ITU council since 1952.

\n

- ITU is the specialized agency of United Nation (UN) for information and communication technologies (ICTs).

\n

- It currently has a membership of 192 countries and more than 700 private-sector entities.

\n

- Its secretariat is located in Geneva, Switzerland.

\n

- It is responsible for the allocation of radio spectrum and satellite orbits, and for the standardization and development of ICTs worldwide.

\n

- The work of ITU covers the whole ICT sector, from digital broadcasting to the Internet and from mobile technologies to 3D TV.

\n

- It is unique among UN agencies in having both public and private sector membership.

\n

- In its recent meeting, it was decided to set up ITU South Asia Area Office and Technology Innovation Centre in New Delhi.

\n

\n\n

GSAT - 11

\n\n

\n

- GSAT - 11, India's heaviest communication satellite till date, returns to Guiana after repair work in Bengaluru, for its launch in December.

\n

- It is going to be launched in Ariane -5 launch vehicle designed by Arianespace, ISRO's long-time European launch services contractor.
\n
- It will be launched from Guiana space port in South America along with South Korea's weather satellite GEO-Kompsat 2A.
\n
- It is built to provide the Indian region superior communication and 12 GBPS connectivity with its multiple spot beams in Ka and Ku bands.
\n

VdW Materials

\n\n

- VdW materials are made of piles of ultra-thin layers that are held together by van der Waals bonds.
\n
- Van der Waals bonds are weak forces exist between molecules of same substance and arise when atoms are in close proximity.
\n
- VdW materials have the potential to replace the current hard drive assemblies in computers and become the key to quantum computing.
\n
- Controlling magnetism is typical of VdW materials.
\n
- The layers in the material can be changed, added or removed in order to introduce magnetism and other new physical properties in the material.
\n

\n\n

UDAN 3

\n\n

- Ude Desh Ki Aam Nagrik (UDAN) is a regional connectivity scheme introduced by the Ministry of Civil Aviation.
\n
- Under UDAN 3, government proposes to connect destinations through seaplanes and have invited bids for the same.
\n
- Among the destinations, the recently unveiled Statue of Unity at Sardar Sarovar Dam, Sabarmati Riverfront in Ahmedabad, Tehri Dam in Uttarakhand and Nagarjuna Sagar in Telangana are included.

\n

- UDAN offers concessions to the airlines to encourage them to fly on regional routes.

\n

- Concession include operating subsidies like levies or charges imposed by the airport operators, excise duty at 2% and VAT at 1% on aviation turbine fuel, parking charges at airports and exempting these operations from the GST net.

\n

- Airports Authority of India (AAI) is the implementing agency.

\n

- A Regional Connectivity Fund (RCF) will be created to subsidise operations under the RCS.

\n

- The central government will fund 80% of the losses incurred and the rest will be covered by the states.

\n

- This is provided through the Viability gap funding (VGF) to the selected airline operators from RCF, and state governments will be required to reimburse the applicable share.

\n

- VGF will be provided for three years from the date of commencement of operations of such RCS flights.

\n

- In general, central and state contributions for VGF are 80:20 and for the north-eastern states & union territories it is 90:10.

\n

- Benefits under the Scheme will be available for a period of 10 years from the date of its notification.

\n

- RCS will be made operational only in states and at airports which are willing to provide concessions required under the Scheme.

\n

SDG Global Media Compact

\n\n

\n

- Global media compact was introduced in the last session of UN general assembly in collaboration with UN foundation.

\n

- It is an initiative marking a new drive to advance awareness of the Sustainable Development Goals (SDGs).

\n

- The Compact seeks to inspire media and entertainment companies around the world to leverage their resources and creative talent to advance the Goals.

\n

- It is inclusive and aims to embrace media companies from all regions and all platforms.

\n

- The 17 Sustainable Development Goals were adopted by world leaders at the historic Sustainable Development Summit in September 2015.
