Sewage Treatment Plants in PPP

\n\n

\n

- Government has approved setting up of India's first ever Sewage Treatment Plants under Hybrid Annuity Model (HAM) at Haridwar and Varanasi.

\n

- It will ensure that untreated sewage from the cities does not flow into the Ganga, giving a boost to Namami Gange Programme.

\n

- As per HAM, the government will contribute to 40% of the project cost to the Private entity in the first five years through annual payments.

\n

- The remaining payment will be made on the basis of the assets created and the performance of the developer.

\n

- Thus the annuity payment based on performance of the sewage infrastructure assets will ensure the continued performance of the sewage plants.

\n

- It also allows the financial risk to be shared between the government and private entity.

Nirmal Ganga Sahbhagita

\n\n

\n

- Nirmal Ganga Sahbhagita is an initiative of Ministry of water resources.

\n

- It is mainly to assist the Urban Local Bodies (ULBs) located on the banks of the river Ganga for achieving the objective of Clean Ganga.

\n

- It aims at sensitizing the ULBs about the pollution arising primarily due to dumping of solid waste in the river and involving them in stoppage of such dumping.

SANKALP and STRIVE

\n\n

- \n
 - Cabinet Committee on Economic Affairs has recently approved SANKALP and STRIVE schemes.
 - \n
 - Skills Acquisition and Knowledge Awareness for Livelihood Promotion (SANKALP) aimed at providing market relevant training to youths across the country.
 - \n
 - Skill Strengthening for Industrial Value Enhancement (STRIVE) aimed at improving the quality and the market relevance of vocational training provided in ITIs.
 - \n
 - The project will also strengthen the apprenticeship programme through industry-cluster approach.
 - \n
 - Both Schemes are under the Ministry of Skill Development and Entrepreneurship and supported by **World Bank loan assistance**.
 - \n
 - The two schemes will help in setting up national body for vocational education - Vocational Education and Training (VET).
 - \n
 - VET shall regulate accreditation and certification in both long and short term thereby bringing about uniformity in vocational training.
 - \n
 - SANKALP is a centrally sponsored scheme and STRIVE is a central sector scheme.

\n\n

Central sector schemes and Centrally Sponsored Scheme

\n\n

- \n
 - Central sector schemes are 100% funded by the Union government and implemented by the Central Government machinery.
 - \n
 - Central sector schemes are mainly formulated on subjects from the Union List.

- They account for 11% of the Central Government's expenditure.
\n
- In Centrally Sponsored Scheme (CSS) a certain percentage of the funding is borne by the States and the implementation is by the State Governments.
\n
- Centrally Sponsored Schemes are formulated in subjects from the State List to encourage States to prioritise in areas that require more attention.
\n
- They account for 10% of Central governments expenditure.
\n

\n\n

Film and Television Institute of India

\n\n

- Shri Anupam Kher, veteran cine star, has been appointed as Chairman of Film and Television Institute of India (FTII).
\n
- FTII is an autonomous institute under the Ministry of Information and Broadcasting.
\n
- It is registered under Societies' Registration Act of 1860.
\n
- It is a member of the International Liaison Centre of Schools of Cinema and Television (CILECT), an organisation of the world's leading schools of film and television.
\n

Survey in Arabian Sea Region

\n\n

- The first ever assessment of the conservation status of Sharks, rays and Chimaeras in the Arabian Sea Region (ASR) was recently carried out.
\n
- The assessment revealed that 3 marine species viz Pondicherry shark, the red sea torpedo and the tentacle butterfly ray might be possibly extinct in the ASR.
\n
- The guitar fish found in coastal waters of Kerala and Tamil Nadu and the Ganges shark were classified as “Critically Endangered”.
\n

- The ASR covers the waters of the Red Sea, Gulf of Aden, Arabian Sea, Sea of Oman, and the Gulf.

\n

\n\n

Chondrichthyans

\n\n

\n

- Chondrichthyes is a class that contains the cartilaginous fishes.
- \n
- Sharks, rays and chimaeras are collectively called as chondrichthyans.
- \n
- Cartilaginous fishes are jawed vertebrates with paired fins and skeletons made of cartilage rather than bone.
- \n
- They paired nares, scales, a heart with its chambers in series.
- \n
- India banned the exploitation and trade of sharks fins of all species and rays.
