Integrated Grain Storage

The Union Cabinet recently approved the constitution of an Inter-Ministerial Committee (IMC) to facilitate the world's largest grain storage plan in the cooperative sector.

- **Launch** - 2023.
- **Aim** - To set up a network of integrated grain storage facilities through Primary Agricultural Credit Societies (PACS) across the country.
- **Pilot Project** - Ministry of Cooperation.
- **Features** - It will spread over 1 acre of land and will be built at a cost Rs 2.25 crore.
- It will have a custom hiring centre, a multi-purpose hall - procurement centers, primary processing units for cleaning and winnowing - a storage shed, and container storage and silos.
- It is based on the hub and spoke model.
- All the 63,000 PACs will have a combined grain storage capacity of 70 million tonnes.
- **Budgetary Allocation** - The plan does not have a separate allocation and will be implemented by the convergence of 8 existing schemes under 3 ministries.

Primary Agricultural Credit Societies (PACS)

- PACS are village level cooperative credit societies that serve as the last link in a 3-tier cooperative credit structure headed by the State Cooperative Banks (SCB) at the state level.
- Credit from the SCBs is transferred to the district central cooperative banks (DCCBs), that operate at the district level.
- The DCCBs work with PACS, which deal directly with farmers.
- Individual farmers are members of the PACS, and office-bearers are elected from within them.
- They provide
 - Input facilities in form of cash (short term lending or crop loan) or kind component
 - Agriculture implements on hiring basis
 - Storage facility

Memorial wall for fallen United Nations peacekeepers

India's Permanent Representative to the UN Ambassador Ruchira Kamboj introduced the draft resolution titled 'Memorial wall for fallen United Nations peacekeepers' in the UN General Assembly hall.

- **Memorial Wall** - The UN General Assembly has adopted a draft resolution introduced by

India to establish a memorial wall in the UN Headquarters to honour fallen peacekeepers.

- The resolution was submitted by 18 countries including Bangladesh, Canada, China, Denmark, Egypt, France, India, Indonesia, Jordan, Nepal, Rwanda and the U.S.
- The resolution was co-sponsored by nearly 190 UN Member States and was adopted by consensus.
- In 2015, the Permanent Mission of India to the UN launched a virtual memorial wall, dedicated to the Indian troops who made the supreme sacrifice while doing active service as UN peacekeepers.
- The initiative was a precursor to the eventual construction of the Peacekeepers Memorial Wall.
- It is an appropriate way to commemorate all the troops from UN member states who had given their lives while on duty under the Blue Flag of the United Nations.

International Day of United Nations Peacekeepers - May 29

- **India's Contribution to UN Peacekeeping** - India is currently the **3rd largest contributor** of uniformed personnel to UN Peacekeeping with more than 6,000 military and police personnel.
- About 177 Indian peacekeepers have made the supreme sacrifice, the highest number by far from any troop-contributing country.

Blue helmets are the UN military personnel that work alongside the UN Police and civilian colleagues to promote stability, security and peace processes.

Withdrawal of general consent for CBI

Tamil Nadu announced that it has withdrawn the general consent given to the Central Bureau of Investigation (CBI).

Central Bureau of Investigation (CBI)

- It was set up in 1963 by a resolution of the Ministry of Home Affairs.
- It is now under the Ministry of Personnel, Pension & Public Grievances.
- It was established based on the recommendations of **Santhanam Committee**.
- It is a non-constitutional body.
- CBI is governed by The Delhi Special Police Establishment (DSPE) Act, 1946.
- Section 6 of the DPSE Act authorises the central government to direct CBI to probe a case within the jurisdiction of any state on the recommendation of the concerned state government.
- The Supreme Court and High Courts, however, can order CBI to investigate such a crime anywhere in the country without the consent of the state.
- There are 2 types of consent for a probe by the CBI. These are: general and specific.
- **General Consent** - When a state gives a general consent to the CBI for probing a case, the agency is not required to seek fresh permission every time it enters that state in connection with investigation or for every case.

- **Specific Consent** - When a general consent is withdrawn, CBI needs to seek case-wise consent for investigation from the concerned state government.
- If specific consent is not granted, the CBI officials will not have the power of police personnel when they enter that state.
- **States that have withdrawn the general consent** - Tamil Nadu, Mizoram, West Bengal, Chhattisgarh, Rajasthan, Maharashtra, Kerala, Jharkhand, Punjab and Meghalaya.

Mayon Volcano

A gentle eruption of the most active volcano in Philippines has forced nearly 18,000 people to flee to emergency shelters.

- **Mayon Volcano** - It is a highly active stratovolcano in the southeastern Luzon, *Philippines*.
- It is called the **world's most perfect volcanic cone** because of the symmetry of its shape.
- It is located at the centre of Mayon Volcano National Park.
- It is located on the Pacific Ring of Fire, the rim of seismic faults where most of the world's earthquakes and volcanic eruptions occur.
- It's most destructive eruption was in 1814, when the town of Cagsawa was buried and approximately 1,200 people were killed.

Pacific Ring of Fire

- Pacific Ring of Fire or Circum-Pacific Belt is a long seismically active belt along the Pacific Ocean characterized by earthquake epicentres, active volcanoes, and tectonic plate boundaries.
- It is home to about 75% of the world's volcanoes and about 90% of earthquakes occur here.
- It traces boundaries between several tectonic plates - The Pacific, Cocos, Indian-Australian, Nazca, North American, and Philippine Plates.
- The abundance of volcanoes and earthquakes along the Ring of Fire is caused by the amount of movement of tectonic plates in the area.
