

## **Prelim Bits 19-10-2017**

### **Top Ranked Airports**

\n\n

\n

- Jaipur and Srinagar airports have been ranked among the best aerodromes in the world in the traffic volume of 2-5 million passengers per annum category by the Airport Council International (ACI).

\n

- This is for the second consecutive year that the Jaipur airport has been ranked the best airport in terms of traffic volume.

\n

- The Airport Service Quality (ASQ) Awards are the aviation industry's most prestigious accolades.

\n

- While Jaipur was ranked first, Srinagar was rated second in the annual ACI-ASQ survey.

\n

- ASQ Survey is the world's benchmark measure of airport excellence and it is the only worldwide programme to survey passengers at the airports on their day of travel.

\n

\n\n

### **World's First Floating Wind Farm**

\n\n

\n

- The world's first floating offshore wind farm started delivering electricity to the grid in the north of Scotland.

\n

- The Hywind project, built by Norwegian Oil Company has five turbines floating 25 kilometres (16 miles) off the coast of Peterhead, Scotland.

\n

- The project has a capacity of 30 megawatts.

\n

- It has turbines taller than Britain's "Big Ben".

\n

\n\n

## All India Institute of Ayurveda

\n\n

- \n
- All India Institute of Ayurveda (AIIA) was recently inaugurated at Delhi on the occasion of 2<sup>nd</sup> Ayurveda day.
- \n
- The first-ever AIIA has been set up along the lines of All India Institute of Medical Sciences (AIIMS).
- \n

\n\n

## Geographical Indications (GI)

\n\n

- \n
- The Cell for IPR Promotions & Management (CIPAM) under the aegis of the DIPP has launched a logo and tagline/slogan contest for Geographical Indications (GIs) of India on MyGov.in website.
- \n
- CIPAM has also launched “**Gift a GI**” campaign to enhance the visibility and thus help in branding and promotion of registered GI products.
- \n
- CIPAM has also launched a social media campaign to promote Indian Geographical Indicators (GIs) with **#LetsTalkIP**.
- \n
- A Geographical Indication (GI) is primarily an agricultural, natural or a manufactured product (handicrafts and industrial goods) originating from a definite geographical territory.
- \n
- Typically, such a name conveys an assurance of quality and distinctiveness, which is essentially attributable to the place of its origin.
- \n
- Some of the examples of registered Indian GIs are Darjeeling Tea, Tirupathi Laddu, Kangra Paintings, Nagpur Orange, Kashmir Pashmina etc.

## Asia Pacific Energy Research Centre (APEREC)

\n\n

\n

- The Asia Pacific Energy Research Centre (APEREC) was setup in 1996 in Tokyo.  
\n
- It was established following the directive of APEC Economic Leaders in the Osaka Action Agenda.  
\n
- The primary objective is to conduct researches to foster understanding among APEC members of regional energy outlook, market developments and policy.  
\n
- It publishes “Energy Demand and Supply Outlook” report.  
\n
- LNG Producer - Consumer Conference, organized by APEREC is a global annual dialogue for sharing the latest trends in the global LNG market.  
\n
- India has also participated in the conference.  
\n
- In the LNG sector, Japan is the world's largest importer and India is the 4th largest importer.  
\n

\n\n

## **Asia Pacific Economic Cooperation (APEC)**

\n\n

- APEC is a forum for 21 Pacific Rim member economies that promotes free trade throughout the Asia Pacific region.  
\n
- It is headquartered at Singapore.  
\n
- It was established due to growing inter dependence among Asia Pacific regions, increasing regional trade blocs, to diffuse growing power of Japan.  
\n
- The criterion for membership is that the member is a separate economy, rather than a state and the result of it is the inclusion of Taiwan.  
\n
- APEC also includes three official observers: ASEAN, the Pacific Islands Forum and the Pacific Economic Cooperation Council  
\n
- India is not in the grouping.  
\n
- 2017 meeting is scheduled to happen in Vietnam.
