\n\n

\n

- The analysis by Transparency International showed that in the last six years, more than 9 out of 10 journalists were killed in countries that score 45 or less on the Corruption Perceptions Index.

\n

- Transparency International is a Berlin-based non-government organization.

\n

\n\n

Echindas

\n\n

\n

- Echidnas, also called spiny anteaters, are mammals

\n

- Echidnas are one of the world's oldest surviving mammals.

\n

- They are egg-laying mammals.

\n

- It is listed as 'least concern' in IUCN classification.

\n

- However, the short-beaked echidna found only in Australia and Papua Guinea is threatened.

\n

\n\n

\n\n

\n

- The main threats are land clearing and habitat loss ,traffic, feral cats and potentially the rapidly changing climate.

\n

\n\n

Humanoid Robot- Sophia

\n\n

\n

- Sophia is the world's first AI powered humanoid robot

\n

- It was a part of the World Congress on Information Technology (WCIT), 2018, held in Telegana, India.

\n

- A Humanoid may be defined as something that resembles or looks like a human and having their characteristics like opposing thumb etc,

\n

- A Humanoid robot is fully automated as it can adapt to its surroundings and continue with its goals, as the case with Sophia.

\n

- Sophia with her incredible human likeness and expressiveness is an evolving genius machine.

\n

- Sophia, with a perfect skin and soft facial muscles, can give as many as 66 facial expressions.

\n

\n\n

Gobar Dhan

\n\n

\n

- During the budget, the finance minister announced the launch of “GOBAR-Dhan” (Galvanising Organic Bio-Agro Resources-Dhan).

\n

- The initiative has two objectives:

\n

\n\n

\n

1. To make villages clean and generate wealth

\n

2. Energy from cattle and other waste.

\n

\n\n

\n

- The GOBAR-Dhan initiative is expected to convert cattle dung and other organic waste to compost, biogas and even larger scale bio-CNG units.

\n

\n\n

Galvanizing Organic Bio-Agro Resources (GOBAR) Dhan

The Opportunity

- Total cattle population in India is 300 million*, which puts the production of dung at ~3 million tonnes per day.

The Proposal

- Collection of cattle dung & solid waste from farmers for sale to entrepreneurs; ODF GPs as aggregators
- Entrepreneurs to produce manure, biogas/bio-CNG from the waste
- Three likely models: Household, Community, Professional
- Launch in April 2018

First Phase

- 350 districts to be covered in Phase 1
- Remaining districts in Phase 2

* 19th Livestock Census 2012

PM's Awards for Excellence in Public Administration, 2018

\n\n

\n

- Government of India has instituted the scheme to acknowledge, recognize and reward the extraordinary and innovative work done by Districts / organizations of the Central and State Governments.

\n

- The Award aims to bring about transparency, improvement in approaches, systems and processes in the delivery of public services.

\n

- Following four priority programmes have been identified for the awards this year:

\n

\n\n

\n

1. Pradhan Mantri Fasal Bima Yojana,

\n

2. Promoting Digital Payments,

\n

3. Pradhan Mantri Awas Yojana - Urban & Rural, and

\n

4. Deen Dayal Upadhyay Grameen Kaushalya Yojana (DDUGKY).

\n

\n\n

\n

- The awards will be presented on Civil Services Day, 2018 function to be organized by Department of Administrative Reforms and Public Grievances, Ministry of Personnel, Public Grievances and Pensions.

\n

- Every year on 21st of April (Civil Services Day) the awards for excellence in Public Administration are given.

\n

\n\n

SARAS

\n\n

\n

- India's indigenous light transport aircraft SARAS has been successfully test flown for a second time recently.

\n

- The design and development of the aircraft is being done by CSIR-National Aerospace Laboratories, NAL.

\n

- Hindustan Aeronautics Limited, HAL has been identified as the production agency for the military version of SARAS.

\n

- SARAS Mk 2 will be ideal for commuter connectivity under Government of India's UDAAN Scheme.

\n

- It can be used for variety of applications like air taxi, aerial search/survey, executive transport, disaster management, border patrol, coast guard, ambulance and other community services.
