Open Acreage Licensing

\n\n

\n

- The government replaced the New Exploration and Licensing Policy with the Open Acreage Licensing (OAL) under the framework of Hydrocarbon Exploration and Licensing Policy (HELP).

\n

- This replaces the controversial profit model in petroleum with a revenue share model.

\n

- OAL will allow investors looking for exploring hydrocarbons to select blocks after studying the data available through the national data repository without waiting for a formal bid round from the government.
