

## **Prelims Bits 29-01-2018**

### **Stree Swabhiman**

\n\n

\n

- Stree Swabhiman is an initiative under Ministry of Electronics and Information Technology for women's health and hygiene.

\n

- It aims to create a sustainable model for providing adolescent girls and women an access to affordable sanitary products by leveraging Common Service Centres (CSCs) established under digital India.

\n

- The initiative is driven by awareness and personalised outreach by women entrepreneurs who produce and market sanitary napkins themselves.

\n

\n\n

### **ITEWS**

\n\n

\n

- Indian Tsunami Early Warning System (ITEWS) is established by Indian National Centre for Ocean Information Services (INCOIS), under ministry of earth sciences.

\n

- The ITEWS comprises a real-time network of seismic stations, tsunami buoys and tide gauges to detect tsunami genic earthquakes and to monitor tsunamis.

\n

- It detects globally occurring earthquakes of 5 magnitude and above within 5-10 minutes of the event.

\n

- The system is capable of displaying ticket messages related to tsunami events and triggering of a built-in siren alert system audible for up to 1 km.

\n

\n\n

### **AEFI**

\n\n

\n

- Union Health Ministry has released a report on deaths due to Adverse Events Following Immunisation (AEFI).

\n

- It is estimated that for every 1,00,000 children immunised, there would be at least 10 serious adverse events (including deaths and hospitalisation).

\n

- India's AEFI data is compiled by district officers, and the Union Health Ministry's national AEFI committee follows up on reports, sifting out deaths that may have a link with vaccine administration.

\n

- The WHO has recommended the use of performance indicators for AEFI functionality assessment.

\n

\n\n

## **Project Sunrise**

\n\n

\n

- Project Sunrise was launched in 2015, by union government to tackle the increasing HIV prevalence in the North-Eastern states.

\n

- It aims to provide treatment and care facilities free of cost for people living with HIV/AIDS and create more awareness about the disease in these N-E states.

\n

- The project is a five-year programme (2015-2020) aimed at complementing the ongoing National AIDS Control Programme (NACP).

\n

- The project has been sponsored by US based Centre for Disease Control.

\n

\n\n

## **Prompt Corrective action (PCA)**

\n\n

\n

- Union Finance Ministry as a part of reforming process about to initiate a performance review for public sector banks.

\n

- These reforms will be under the RBI's Prompt Corrective Action (PCA).

- \n
- The PCA is invoked when certain risk thresholds are breached, there are three risk thresholds which are based on
- \n

\n\n

- \n
1. Asset quality.
- \n
2. Profitability.
- \n
3. Capital and the like.
- \n

\n\n

- \n
- The third threshold is the maximum tolerance limit, which has set NPA at over 12% and negative return on assets for four consecutive years.
- \n
- Under PCA there are two type of sanctions restrictions on dividend, branch expansion and directors compensation are of mandatory type and curbs on lending and deposit are discretionary type.
- \n

\n\n

## **Intellectual property Index**

\n\n

- \n
- The index is published by US Chamber of Commerce.
- \n
- It evaluates the intellectual property (IP) environment and grades countries on patents, trademarks, copyright, trade secrets, enforcement, and international treaties.
- \n
- The Index is released for 50 countries with 40 indicators, primarily focusing intellectual property.
- \n
