

Rashtriya Uchchatar Shiksha Abhiyan

Why in news?

 $n\n$

The budget for Rashtriya Uchchatar Shiksha Abhiyan is increased 4 times, and the second phase of the scheme is also approved.

 $n\n$

What is RUSA?

 $n\n$

\n

• Rashtriya Uchchatar Shiksha Abhiyan is a Centrally Sponsored Scheme launched in 2013.

\n

- Its aim was to increase enrolment in higher education by 30%.
- It primarily provides strategic funding to eligible State higher educational institutions.

\n

 $n\$

What was the need?

 $n\n$

\n

• India is estimated to have over 800 universities, with over 40,000 colleges affiliated to them.

\n

• The Centre's slant toward premier institutions has continued ever since the Eleventh Five Year Plan (2007-12).

\n

• **Central Fund** - Presently, less than 6% of students study in about 150 Centrally-funded institutions.

\n

• But they corner almost the entire funding by the Ministry of Human Resource Development (MHRD).

• The funding is mainly directed towards starting more IITs, IIMs and Central universities.

\n

• **State Institutions** - About 94% of students of higher education study in 369 State universities.

\n

• In spite of a nine-fold increase in Budget allocation, State institutions have been left to fend for themselves.

\n

- To make things worse, investment by State governments has been dwindling each year as higher education is a low-priority area.
- The University Grant Commission's system of direct releases to State institutions, bypassing State governments, also leads to their sense of alienation.

\n

• Thus, despite being the face of higher education in India, State institutions do not get their due share.

۱n

• It was to address these critical concerns that the MHRD launched RUSA.

 $n\n$

How does it work?

 $n\n$

\n

• The RUSA, unlike other schemes, is not imposed on State governments in a one-size-fits all manner.

\n

- Under RUSA, **states and institutions** have to give an undertaking expressing their **willingness** to the idea of reform.
- They should also agree to meet the States' **share of the cost**.
- Accordingly, preparatory grants will be released to States to have the required systems, processes, and the technical support in place.
- The scheme is largely based on the conditional release of funds.
- It is **linked to reforms** in the key areas of governance, learning-teaching outcomes, reaching out to the unreached and infrastructure support.

What are the governance reforms central to the scheme?

 $n\$

\n

- **Plans** State Higher Education Councils (SHECs) which have eminent academics, industrialists and other experts have been created.
- They formulate the medium- and long-term State perspective plans.
- **Appointment** State has to give its commitment to creating a search-cumselect committee.

\n

- **Affiliation** Mitigating the bane of the affiliation system is also a major objective.

\n

 This is achieved through a reduction in the number of colleges affiliated per university.

۱n

• This is done by creating cluster universities and promoting autonomous colleges.

\n

- **Faculty** An important precondition is the filling up of faculty positions and lifting the ban on recruitment (as in some States).
- Other efforts to improve learning-teaching outcomes include: \n

 $n\n$

\n

- i. improving pedagogy by capacity-building of faculty
- ii. selecting teachers in a transparent manner n
- iii. adopting accreditation as a mandatory quality-assurance framework
- ${\rm iv.} \ implementing \ semester \ system$
- $\ensuremath{\text{v.}}$ involving academics of repute and distinction in decision-making processes

\n

How has the progress been?

 $n\n$

\n

• Despite being voluntary, all States except a Union Territory (Lakshadweep) are a part of RUSA.

\n

• Over the years, the RUSA's resource allocation has increased.

- \bullet The funding linked to reforms has had a visible impact on higher education. $\mbox{\ensuremath{^{\text{hn}}}}$
- \bullet There is improvement in gross enrolment ratio (GER), addressing faculty vacancies, teacher-student ratio, etc. $\mbox{\sc h}$
- There has also been an improvement in the number of institutions accredited and their scores.

\n

 $n\n$

What is the recent decision?

 $n\n$

\n

• The Union Cabinet has recently decided to continue with the Rashtriya Uchchatar Shiksha Abhiyan (RUSA).

• For the current year, Rs. 1,300 crore has been provided and funding is conditional to performance.

\n

• It is hence critical to have a robust monitoring and evaluation system in place.

\n

• In this regard, certain effective tools are in function since 2015, including: \n

 $n\n$

\n

i. geo-tagging

۱n

ii. introduction of a public financial management system

iii. a fund tracker and reform tracker system

 $n\n$

\n

• Given the significance of RUSA in higher education, its further success lie in the impartial administration of the scheme by MHRD.

\n

• The degree to which State governments allow the SHEC to function is also important.
