

Reforming IBC

What is the issue?

 $n\n$

\n

- IBC 2016 was introduced as a single law for insolvency and bankruptcy.
- It is facing practical constrains, this need to be addressed.

 $n\n$

What are the significance of IBC?

 $n\n$

\n

- The Code outlines separate insolvency resolution processes for individuals, companies and partnership firms.
- \bullet The process may be initiated by either the debtor or the creditors.
- The Insolvency and Bankruptcy Code (IBC) envisions a 180-day period in which bids are invited for a defaulted firm.
- If 75 per cent of the debt votes in favour of a bid, that bid is accepted.
- Insolvency and Bankruptcy Board of India has been appointed as a regulator and it can oversee these proceedings.
- IBBI has 10 members from Finance Ministry and Law Ministry the Reserve Bank of India.
- IBC permits hiring services of licensed professionals who have total control over assets of debtor while the proceedings are going on at a tribunal.
- \bullet Two tribunals have been authorised to resolve insolvency issues and pronounce their judgement on them.
- One is National Company Law Tribunal for companies and the other Debt Recovery Tribunal for individuals

What areas IBC was expected to address?

 $n\n$

۱'n

• Bankrupt firms - If a company goes bankrupt the creditors of the companies where in a distressing situation due to the uncertainty in recovering the debts.

\n

- \bullet In the bankruptcy process, there is an open opportunity for many people to bid for the firm so that recovery of debts is guaranteed. \n
- Real estate firms Bankrupted real estate companies delayed payments, and took capital from buyers and they became unsecured creditors.
- The IBC will be triggered quickly when a real estate company gets into trouble and problems of buyers will be addressed.
- **Defaulters** Earlier the information about defaulters was keep secret and their trading continued in the stock markets.
- IBC has made, default by a company as a mandatory information which must be disclosed immediately.

 $n\n$

What are the practical constrains in IBC framework?

 $n\n$

\n

- Open and transparent process results in the promoter regaining control of the firm, who is likely responsible for running the company aground.
- Recovery rates for 10 or 15 year old cases are abysmal even after the procedural problems of the IBC are fixed.
- In one recent case, a bid was accepted to give lenders 6 per cent of the value of their debt of a defaulted firm.
- \bullet There is much concern about some developments in bankruptcy reform as the lenders gets low recovery rate. $\mbox{\sc h}$

 Home buyers who have paid large advances to real estate companies are worried about their losses.

\n

 $n\n$

What measures can be taken in IBC?

 $n\n$

\n

- \bullet The Insolvency and Bankruptcy Board of India (IBBI) has to achieve the scale required for a high-performance regulator. $\$
- An array of well-drafted regulations has to be issued by the IBBI, for a robust regulation-making process.
- A competitive industries of private Information Utilities (IUs), Insolvency Professional Agencies (IPAs), and Insolvency Professionals (IPs) has to arise.
- \bullet The bankruptcy process must commence immediately after the first default, and the new arrangement must be quickly put in place. \n
- To ensure an optimal restructuring plan, collectively financial firms need to build capacity on insolvency resolution process.
