

Rise of Indian Entrepreneurs

Why in news?

Centre for Monitoring Indian Economy data 2023 suggests that Indians are increasingly in self-employment.

What is Entrepreneurship?

- **Entrepreneur-** It is an individual creating a new enterprise and bearing the risks and the rewards of the establishment. The process of establishing a business is known as entrepreneurship.
- They play a *key role in the economy* as they use their skills to study the market and bring new products according to the market.
- Entrepreneurs combine capital, labour and natural resources to provide services and manufacture goods.
- **Sub category** There are 3 sub categories of Business class.
 - **Businessmen** It includes those people who set up large businesses that leverage capital and humans to run them.
 - They manage some fixed premises such as an office, shop, workshop, factory, etc.
 - **Qualified self-employed professionals-** It includes people who run their own professional enterprises and leverage their own expertise.
 - Example-Doctors, Lawyers etc.,
 - **Self-employed-**It includes those "entrepreneurs" who run their own business enterprises but these enterprises do not leverage much financial capital, human capital or even professional skills.
 - Example- Taxi drivers, barbers, beauticians etc.,

Status of entrepreneurship in India

- According to CMIE, the total employment in India in January-April 2023 stood at 412.9 million.
- Employment status-In descending order
 - Farmers,
 - Wage labourers or small traders,
 - Salaried class
 - Business class or entrepreneurship- Fourth biggest category of employment.
- Business is the only category that has actually recovered to the pre-pandemic level.
- The number of people categorised under "business" grew by 8.4 million between the last four years.
- In the business class category <u>self-employed entrepreneurs accounted for the largest share</u>, at around 70-80 % of all the entrepreneurs in India.

• This shiftdoes not indicate an increase in real entrepreneurship but is merely a reflection of *poor employment opportunities* in the economy.
