Meghnaghat Combined-Cycle Power plant

- A combined-cycle power plant is a relatively more efficient way of producing electricity.
- It uses both a gas and a steam turbine together to produce up to 50 % more electricity from the same fuel than a traditional simple-cycle plant.
- It will reduce the share of environmentally harmful and expensive fuels like coal and oil.
- Recently, Asian Development Bank (ADB) has signed a \$ 200 million financing deal with the Reliance Bangladesh LNG and Power Limited (RBLPL).
- The deal aims to build and operate a 718-megawatt combined-cycle gas-fired power plant in Bangladesh.
- The plant is proposed to be located on land allotted by Bangladesh Power Development Board (BPDB), in Meghnaghat, Narayanganj District near

Dhaka.

Integrated Market Surveillance System

- Market surveillance is the prevention and investigation of abusive, manipulative or illegal trading practices in the securities markets.
- It helps to ensure orderly markets, where buyers and sellers are willing to participate because they feel confident in the fairness and accuracy of transactions.
- Without market surveillance, a market could become disorderly, which would discourage investment and inhibit economic growth.
- Market surveillance can be provided by the private sector and the public sector.
- In India Financial Markets Regulation Department (FMRD) undertakes surveillance of financial markets regulated by the RBI.
- RBI has shortlisted few private vendors for implementation of Integrated Market Surveillance System.

FDI in Commercial Coal Mining

- Union government clarified process on FDI in commercial coal mining.
- Any country that shares land borders with India, which wishes to invest in commercial coal mining will be allowed only after government approval.
- A citizen of Pakistan or an entity incorporated in Pakistan can invest only under the government route in sectors/activities other than defence, space, atomic energy, and sectors/activities prohibited for foreign investment.
- While the central government auctions coal blocks, state governments need to handle local issues efficiently and with sensitivity.
