- Ministry of Mines is in the process of developing a Mineral Index for different minerals.
- There will be rationalization of stamp duty payable at the time of award of mining leases.

Defence Sector

Enhancing Self Reliance in Defence Production

- 'Make in India' for Self-Reliance in Defence Production will be promoted by notifying a list of weapons/platforms for ban on import with year wise timelines, Indigenization of imported spares, and separate budget provisioning for domestic capital procurement.
- This will help reduce huge Defence import bill.
- Improve autonomy, accountability and efficiency in Ordnance Supplies by Corporatisation of Ordnance Factory Board.

Policy Reforms in Defence Production

- FDI limit in the Defence manufacturing under automatic route will be raised from 49% to 74%.
- There will be time-bound defence procurement process and faster

decision making will be ushered in by setting up of a Project Management Unit (PMU) to support contract management.

- Realistic setting of General Staff Qualitative Requirements (GSQRs) of weapons/platforms and overhauling Trial and testing procedures.

Civil Aviation Sector

Efficient Airspace Management for Civil Aviation

- Restrictions on utilization of the Indian Air Space will be eased so that civilian flying becomes more efficient.
- This will bring a total benefit of about Rs 1,000 crore per year for the aviation sector.
- This will lead to optimal utilization of airspace; reduction in fuel use, time and will have positive environmental impact.

More World-Class Airports through PPP

- 6 more airports have been identified for 2nd round bidding for Operation and Maintenance on Public-Private Partnership (PPP) basis.
- Additional Investment by private players in 12 airports in 1st and 2nd rounds is expected to bring around Rs. 13,000 crore.
- Another 6 airports will be put out for the third round of bidding.

Global hub for Aircraft Maintenance, Repair and Overhaul (MRO)

- Tax regime for MRO ecosystem has been rationalized. Aircraft component repairs and airframe maintenance to increase from Rs 800 crore to Rs 2,000 crore in three years.
- It is expected that major engine manufacturers in the world would set up engine repair facilities in India in the coming year.
- Convergence between Defence sector and the civil MROs will be established to create economies of scale, this will lead to maintenance cost of airlines to come down.

Power Sector

Rs 90,000 crore Liquidity Injection for DISCOMs

- Power Finance Corporation and Rural Electrification Corporation will infuse liquidity in the DISCOMs to the extent of Rs 90000 crores in two equal instalments.

- This amount will be used by DISCOMS to pay their dues to Transmission and Generation companies.
- Further, CPSE GENCOs will give a rebate to DISCOMS on the condition that the same is passed on to the final consumers as a relief towards their fixed charges.

Tariff Policy Reform

Consumer Rights

- DISCOM inefficiencies not to burden consumers
- Standards of Service and associated penalties for DISCOMs
- DISCOMs to ensure adequate power; load-shedding to be penalized

Promote Industry

- Progressive reduction in cross subsidies
- Time bound grant of open access
- Generation and transmission project developers to be selected competitively.

Sustainability of Sector

- No Regulatory Assets
- Timely payment of Gencos
- DBT for subsidy; Smart prepaid meters

Privatization of Distribution in UTs

- Power Departments / Utilities in Union Territories will be privatised.
- This will lead to better service to consumers and improvement in operational and financial efficiency in Distribution.
- This will also provide a model for emulation by other Utilities across the country.

Space Sector

- Private sector will be allowed to use ISRO facilities and other relevant assets to improve their capacities.
- Future projects for planetary exploration, outer space travel etc shall also be open for private sector.
- There will be liberal geo-spatial data policy for providing remote-sensing data to tech-entrepreneurs.

Atomic Energy

- Research reactor in PPP mode for production of medical isotopes shall be established to promote welfare of humanity through affordable treatment for cancer and other diseases.
- Facilities in PPP mode to use irradiation technology for food preservation - to compliment agricultural reforms and assist farmers shall also be established.
- India's robust start-up ecosystem will be linked to nuclear sector and for this, Technology Development-cum-Incubation Centres will be set up for fostering synergy between research facilities and tech-entrepreneurs.
