\n

- Objections The Union cabinet decision follows strong objections from several quarters about quite a few provisions of the Bill.
- Unions of workers in nationalised banks and in state-run insurance companies were particularly vociferous in their objections.

\n

- **Poor drafting** The bail-in provision was poorly drafted, with insufficient transparency in the text.
- There was also ambiguity about the scope of deposit insurance, Given that, this provision served as a poison pill for the Bill as a whole.
- Concerns about the "Bail-in" provision "Bail-in" of the FRDI Bill had simply become too strong and, in the absence of any coherent defence from the Bill's backers in the government.
- It had also become too dangerous for confidence in the banking system overall.

• In particular, there were concerns that the bail-in provision would lead to depositors losing their money.
