

## Year End Review, 2024 | Ministry of New & Renewable Energy

### About the Ministry

- The Ministry of New and Renewable Energy (MNRE) is *the nodal Ministry* of the Government of India for all matters relating to new and renewable energy.
- The broad aim of the Ministry is to *develop and deploy new and renewable energy to supplement the energy requirements of the country.*
- It also Facilitate research, design, development, manufacture, and deployment of new and renewable energy for transportation, portable and stationary applications in rural, urban, industrial and commercial sectors.

### Schemes and Initiatives

#### PM-Surya Ghar: Muft Bijli Yojana

- The scheme targets *installation of rooftop solar* in **one crore households**.
- It provides up to *300 units free electricity monthly* and offers subsidies ranging from Rs 30,000 to Rs 78,000 per household.

#### National Green Hydrogen Mission

- The mission aims to establish India as a global hub for green hydrogen production and export.
- Key achievements include:
  - The National Green Hydrogen Mission has an outlay of Rs 600 crore for FY 2024-25.
  - The mission aims for a Green Hydrogen production capacity by 2030, potentially attracting over Rs 8 lakh crore in investments.
  - This investment is expected to create 6, 00,000 jobs by 2030.
  - The mission could reduce fossil fuel imports by Rs 1 lakh crore and cut carbon emissions by 5 MMT by 2030.

#### Strategic Interventions for Green Hydrogen Transition (SIGHT) Programme

- **Aim** - To support the domestic manufacturing of electrolyzers and the production of Green Hydrogen.

#### Renewable Energy Investment Meet & Expo (RE-INVEST)

- RE-INVEST is a GoI's flagship event to showcase India's RE potential to the world & to invite investment in the sector by initiating multilateral dialogue.
- MNRE organized the 4<sup>th</sup> Global Renewable Energy Summit at Mahatma Mandir,

Gandhinagar, Gujarat.

## **Initiatives and schemes for Solar Energy**

- **Solar Parks And Battery Storage** - Lakshadweep's first on-grid solar plant inaugurated in Kavaratti.
- *India's largest Battery Energy Storage System (BESS)* was commissioned by the Solar Energy Corporation of India Limited (SECI) at ***Rajnandgaon, Chhattisgarh.***

## **Pradhan Mantri Janjati Adivasi Nyaya Maha Abhiyan (PM JANMAN)**

- MNRE is implementing the New Solar Power Scheme for Particularly Vulnerable Tribal Groups (PVTG) Habitations under the PM JANMAN) to electrify un-electrified PVTG households.
- The households are identified by the Ministry of Tribal Affairs, by providing off-grid solar systems where grid electricity is unavailable and not techno-economically feasible.

## **PM KUSUM**

- Under the scheme, over 2.95 lakh standalone off-grid solar water pumps installed.
- Under Components B and C of PM- KUSUM, 30% Central Financial Assistance (CFA) provided for installing standalone agriculture pumps and solarizing grid-connected pumps.
  - 50% CFA provided for North Eastern/Hilly regions/Islands.

## **Grid Connected Rooftop Solar Programme**

- **Objective** - To achieve a cumulative installed capacity of 40,000 MW from Grid Connected Rooftop Solar (RTS) projects.
- **Salient Features** - Central Financial Assistance (CFA)/Subsidy is provided to the residential electricity consumers under Component-A and incentives are provided to DISCOMs under Component-B of this programme.
