3. The Captive breeding of the fish began in 2020.

Which of the statement(s) mentioned above is/are correct?

- a. Only one
- b. Only two
- c. All three
- d. None of the above

Answer : a

Black-collared yellow catfish

- **Endemic to** - Chalakudy River in Kerala. **(Statement 1 is incorrect)**
- **IUCN Status** - Endangered. **(Statement 2 is incorrect)**
- **Captive breeding programme** - Began in 2020.

6) Consider the following with respect to K2-18 b

1. It is an exoplanet found in an inhabitable zone.
2. It is discovered by James Webb Telescope.
3. It is about 124 light-years away from Earth.

Which of the statement(s) mentioned above is/are correct?

- a. Only one
- b. Only two
- c. All three
- d. None of the above

Answer : a

K2-18 b

- It is an exoplanet found in a habitable zone. **(Statement 1 is incorrect)**
- **Discovered by** - Kepler Space Telescope in 2009. **(Statement 2 is incorrect)**
- **Features** - It is about 124 light-years away from Earth, with a radius 2.6 times that of Earth and a mass 8.6 times greater.

7) Consider the following statements with respect to MeerKAT radio telescope

1. It is a 64-dish array.
2. It is located in Karoo semi-desert in South Africa.
3. It is built and operated by India.

Which of the statement(s) mentioned above is/are correct?

- a. Only one
- b. Only two
- c. All three
- d. None of the above

Answer : b

MeerKAT radio telescope

- It is a 64-dish array.
- **Located in** - Karoo semi-desert in South Africa.
- **Built and operated by** - South African Radio Astronomy Observatory (SARAO).
- India *does not currently* have any dedicated observatories located in other countries. **(statement 3 is incorrect)**
