

Do you think the Repealing Armed Forces special powers act will strengthen the foundation of Indian constitution? Comment.

AFSPA - Armed Forces special powers act is a special provision in the disturbed states of North East India, which gives unquestionable powers to the Armed Force which is meant to be used for protecting the integrity of country.

Issues of AFSPA

→ In Recent 17 members (Innocent Miners) were mistaken to be terrorists / insurgents. & was ambushed which resulted in a conflict

→ Reports on officials using the power in unethical way resulted in breaching many unnecessary breach of Fundamental Rights of citizens which also involved in crimes (ie) Murder, Rape etc.

Necessity to Repeal:

→ The AFSPA Act ~~and~~ disturbs the discretion of the state police force which leads to tug of war between State & Central Govt

Compromising Federalism

→ Exorbitant powers to a certain group ^{has} ~~not~~ always been misused otherwise the powers has been misused

But ~~not~~ one should also wonder why such act comes in the first place the AFSPA has also shown significant Result in reducing the Insurgency. Hence Repealing the Act is of no use but by Regulating the Act & adding Accountability shall be the way

This may be problematic now but it shall lead to the Sfty & Security of India.
