Abraham Accords have led to greater regional cooperation & increased opportunities for India. Explain.

(12)

Abraham Accord is the US brokered peace plan on middle East which brought Israel, UAE & Bahrain closer to work on common values, mutual interests etc.

As India having close ties with all these countries on various areas like military weapon, cyber intelligence from Israel, crude oil & ^{more} important export partner UAE & Bhae

Accord brought opportunity to normalise ties with these countries & made easy to work out on India's interest

In last 2 years since the accord India taken joint venture on critical sectors like clean energy, health, innovation, trade tourism etc.

Comprehensive Economic Partnership Agreement (CEPA) has been finalised with UAE

India & Israel on occasion of
30 years of relation adopted joint
vision on Defense cooperation,

Deepening people-people cooperation
as middle east having large Indian
migrants, direct flight connectivity
to UAE helped growth of
Tourism & service sectors

Academic collaboration between
our universities promote cultural
exchange in various field ultimately strengthen
our mutual understanding & friendship

As a mark on consolidating
our relationship recent high-level
economic cooperation between govt
in formation of I2U2 (dubbed as
new QUAD) b/w Israel, India, UAE &
US to discuss & invest in various
field is one of big outcome of
Abraham Accords
