

BRICS countries have shown that they co-operate effectively on their common interest. Analyse w.r.t to 14th BRICS summit.

The recently held 14th BRICS summit has been seen as reinforcement between the nations. India represented a similar global governance thought.

co-operating on common interest

BRICS summit and Beijing declaration reiterated its making the instruments of global governance inclusive

BRICS facts	
42	% of population
30%	of land area
23%	of GDP

participatory and represen-
-tative.

The NDB has funded nearly \$30 Billion to the emerging economies since

its inception. Recently four new members UAE, Bangladesh, Uruguay, Egypt joined

NDB.

India and China work towards sustainability despite stand off at IAC. The BRICS nation also is working out BAWG BRICS Astorony working group.

Concerns - China blocked India's efforts at UNSC sanctions committee in designating LeT terrorist Shmud Malik.

India Brazil are keen regarding expansion of UNSC whereas China wants it to be undone. Also in Ukraine crisis all the countries upheld sovereignty and with only China and Russia condemning Nato

highlighting differences of stand. Also, the united country track is only 15% of world track.

BRICS countries co-operation and strengthening the common goals is essential for say the stability of the world order
