

Despite its laudable performance, suggest some
key measures that can help India to improve
the ease of doing business.

An entrepreneur deals with 70 different licence
work and a Small and Medium Enterprises
deal with 400 different licence.

India rank ~~86th~~ 68th position acc to
Ease of Doing Business published by World
Bank.

Ease of Doing Business!

* Problems

⇒ large no. of paper work and licence :-

- 70 licence hand and paper work are
done by entrepreneur.
- 400 different licence are req
to issue by MSME owners
- and etc

⇒ Labour Laws!

- These are strict labour laws
- no flexibility or ease on law

⇒ Time Consumption!

- time taken to complete paper work
and licence
- Case or dispute disposal by

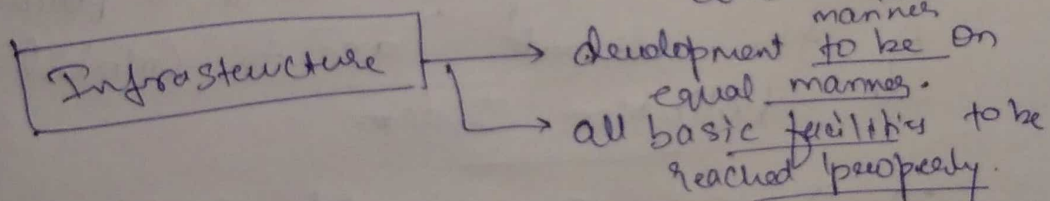

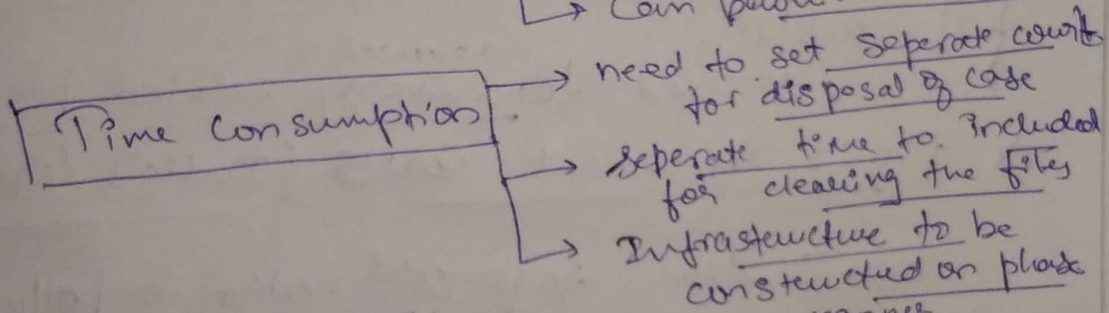

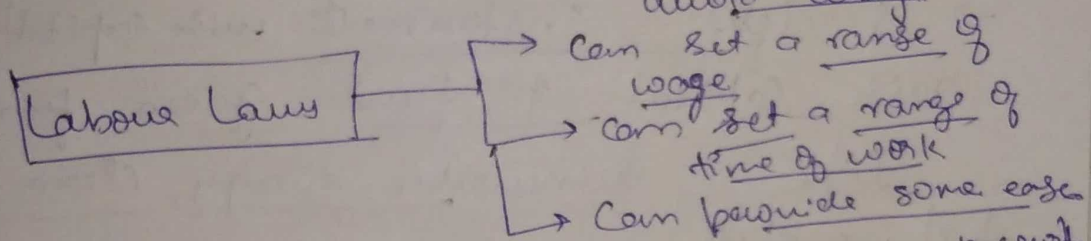

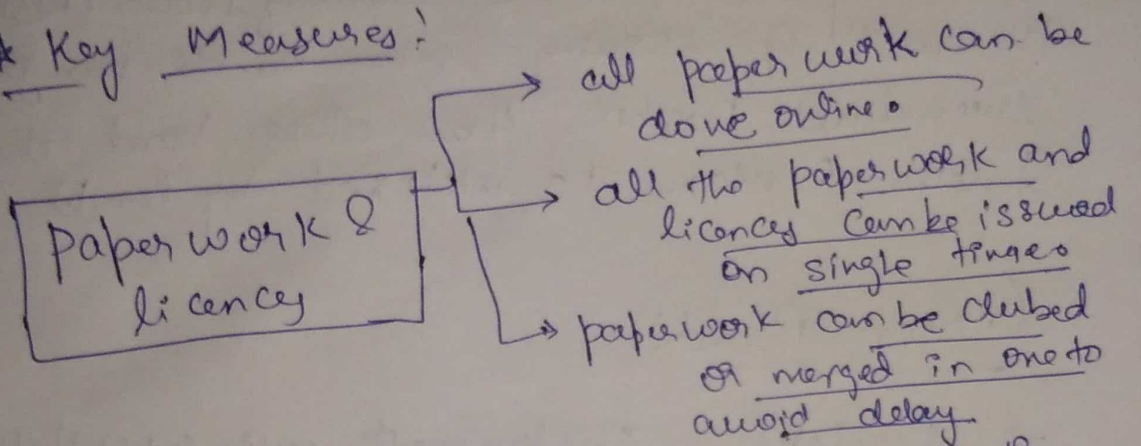

⇒ Infrastructure Construction delay
Judicially

- Infrastructure Construction delay

⇒ Infrastructure:

- time taken for construction work is more than expected
- the reach of facilities is low and not equally divided.

* Key Measures:

* Conclusion:

The ease of Doing Business is done according to decided with the common and basic need factor. The industries and Business are the only sectors which help to grow the economy, and provide jobs and also help to improve the standard of living.
