

The Union government must ensure convergence of political will by setting up a national Unity Cabinet with purpose of overcoming the pandemic situation
Explain (200 words)

A comprehensive and conciliatory consensus driven strategy is need of hour to tackle covid crisis. Government should set up a "National Unity Cabinet" with the purpose of covid mitigation

The earlier formed unity cabinet at different parts of world in different situation has shown successful results.

Eg :- Winston Churchill's unity cabinet to face World War II

• Jawaharlal Nehru's Unity Cabinet formed to face the after math of 1947 partition.

In similar lines as enshrined in flowchart a unity cabinet can be formed

Urgent Need of Setting a Unity Cabinet

- Opposition party representation will help in identifying the flaws in decision taken by the ruling party, thus inclusive decision making happens.
- Industrialists over various sector could provide exact scenario of sector which could help in designing lockdown like strategy, fund allocation, policy making.
- Defense sector along health sector could ignite ideas of speedy vaccine drive, oxygen transportation, Research and development.
- Professionals could reflect the real condition of self employed, organised and unorganised workers.
- Citizens from various geographical area like hilly areas, remote villages and different level of town like panchayat, municipality could empower initiatives like DARPAN with NGO and real time status will be updated.

Thus an inclusive ^{Unity} cabinet with bottom up approach will support in arsenalizing covid.
