

Q In india, manufacturing has never been the leading sector in the economy since 1991 reforms and requires specialized industrial policy to propel the economic growth trajectory in inclusive manner Discuss?

Ans- No major country has reduce there poverty without development of manufacturing sector. According to Minister of statistics and program implementation the GDP of manufacturing sector of 2017 was 16%.

So manufacturing sector play a important role in country development.

Example → USA → 45% of manufacturing sector.
→ China → 60% of manufacturing sector.
→ USSR → 35% of manufacturing sector.

this diagram refers to GDP contribution of various sector

So these countries are so develop rather than india.

Importance of manufacturing sector

Manufacturing sector

provide lot of employment.

Reduce the poverty

Contribute to National income.

GDP Growth

- ① manufacturing sector play a important role because through this sector lot of people get job and reduce the poverty so Government try to creat lot of manufacturing sector.
- ② it contribute GDP nearly 20%. So if we will improve our manufacturing sector then our country will develop.
- ③ this sector creat a environment that's why poverty will be reduce.
- ④ lot of job opportunity creat that's why national income growth.

specialized industrial policy for economic growth.

- ① Government Give emphasis towards IT sectors that's why manufacturing sector will be growth.
- ② both central Govt. and state Govt. rationally create industry in liberal manner.
- ③ prevent the corruption.
- ④ provide well education in school level means education should be based on industrial manufacturing knowledge.

Criticism

why not indian manufacturing sector is very ^{weak} develop because the lack of ~~development~~ ^{awareness} and people awareness so Government must emphasis on make in india and well education.

India is a agrigarian state so people contribute their ebbort in agriculture as like as agriculture. manufacturing is most important so government creat and try to develop manufacturing sector that's why people get benifits.
