1. Despite existing challenges, the participation of local communities adequate financing and incentives are essential in restoration Process. Examine.

Restoration process:

~~Ith~~ Restoration is the process of bringing back the deforested and degraded forest into its original habitat by various intervention.

India would have lost 420 Million hectares of Land Since 1990.

<u>Participation of local communities:</u>

1. Local Communities and Forest department members play a vital role for formulating guidlines of local intervention.

2. Local Communities people knows about ~~the~~ which plant is Suitable for ~~[illegible]~~ local Biodiversity.

8-

Adequate financing and incentives:

1. Participation of Local Communities by providing incentives and reward Such as Joint Forest Management Committee for restoration.

2. Lack of adequate finance is Major Concern of success of Restoration

3. Participation of active NGO's, a Capacity of Building stake holders are needed.

4. Alternate ~~ways~~ ways of financing involving Corporates in Restoration process with ongoing Land programme which will easy to restore the forest.

To Tackle this India had Join Bonn challenge for restoring 26MHA by 2030
