

The recruitment to central & state government jobs has been halted ~~due to~~ since pandemic hit. There are many number of jobs ~~to~~ lying vacant in all categories of Group A, Group B, & Group C.

There ~~were~~ various exams conducted ~~at~~ central & state levels. Now, ~~there~~ the current government has come with Common entry level test for different sectors such as Railways, Administrative, PSUs, insurance etc:- This common ~~and~~ aptitude based test should be cleared to ~~enter~~ ~~the~~ next level exams conducted by government sectors.

There are many ~~post~~ lying vacant in GST officers, Railways as per the data released. There is rising unemployment rate in India both in rural & urban as per periodic Labour force survey recently.

The main backlog in ~~recruitment~~ ~~prolonged~~ recruitment to government jobs, the process is too long & lagging, and also corrupt practices are quite evident.

The government mission to recruit multiples in all sector is good move, it has to properly work with all departments & authorities for ~~proper~~ implementation, this help many of educated youths.
