

(23) Analyse the various rationale & concerns of live streaming of the supreme court proceeding in India.

TRANSPARENCY in any institution brings confidence & trust among people, supreme court decision to go live streaming of constitutional cases is remarkable.

Earlier in 2018, CJI declared live telecast of court proceedings part of Right to access justice under Article 21 of constitution consequently,

supreme court's e-committee came out with model guidelines to regulate streams of court proceedings.

Rationale

- Create awareness among citizen on proceedings of top court
- Being institution close to people as poor can view their case proceeding
- Brings Transparency & avoids debate on understanding & misinformation of proceedings.

- o Faster disposal of cases, in first 13 days more than 3,000 cases getting wrapped up.

Curry 6 HC - Karnataka, Gujrat, Jarkhad, Pdn, Madhyapradesh, Oriss
the stream then proceed.

Concerns

- ✓ Digital infrastructure is major concern, poor unable to access with digital device
- ✓ Privacy is major concern, targeting advocates, prosecutors who argued against their view
- ✓ Irresponsible Journalist with misinformation spread hatred among people
- ✓ Rise of congo courts Pressuring Judiciary may affect functioning

However limiting it to important & constitutional cases ~~can~~ allows experimentation, Supreme court ~~can~~ write in future must come with suitable guidelines & regulations on usage of video can make Access to justice truly achievable
