

INDIA'S ASYLUM MANAGEMENT:-

- * India known for its shared culture & values, whose system has always been a good in asylum management.
- * Comparitatively with developed countries India has shown a upper hand in treating the refugees with on good humanitarian basis.
- * Thus, its high time for us to create a refugee protection law for to ensure transparency in administrative actions.

Refugees Aid on Economic Growth

- * Nevertheless providing asylum to the refugees require lot of initial public funding.
- * Later One should not forget that the properly treated refugee shape out well & perform good in various economic sector.
