

- Q. The Samagra Shiksha scheme aims to make learning more equitable and inclusive, joyful and bring personalization in the experience of both teachers and learners. Explain.

Ans: - With the broader goal of improving school effectiveness measured in terms of equal opportunity for schooling and equitable learning outcomes, government launches this scheme.

Important points regarding this scheme as follows:-

- (i) The union budget, 2018-19, has proposed to treat school education holistically without segmentation from pre-nursery to class 12.
- (ii) Samagra Shiksha - an overarching programme for the school education sector extending from pre-schooled.
- (iii) The scheme covers 46 million schools, over 156 million students and 5.7 million teachers of government.
- (iv) It subsumes the three scheme of Sarva Shiksha Abhiyan (SSA), Rashtriya Madhyamika Shiksha Abhiyan (RMSA), and Teacher Education (TE).

- (v) Master trainers for pre-primary teachers and organovadi workers will be supported under the scheme.
- (vi) Version 2.0 of the scheme focuses on access and retention, strengthening foundations, equity and inclusion, quality and standards.
- (vii) It aims to attract 16 to 19 year-old out of school children through the open school system.
- (viii) The NIPUN Shiksha Mission for foundational literacy and ~~numeracy~~ numeracy is a first-time component under the new samagra-shiksha.
- (ix) These selected disabilities identified under the PwD Act of 2016, many of which are difficult to identify in a classroom setting.
- (x) SEERT, District Institutions for Educational Training, Block and cluster resource centres are expected to re-invigorate the teaching community.

Now we can government really working school-education but needs to identify rural problem first resolve this situation give them also proper environment like other school where they can learn.
