

The Sampagya scheme has performed  
 but there is a need to conduct  
 socio-economic impact audits.

### WHY AUDITS REQUIRED?

- \* The people/ <sup>beneficiaries</sup> don't have the  
 enough <sup>not available</sup> knowledge about the merits.
- \* The pipeline laid are of inferior  
 quality & maintenance is low.
- \* It's aim is to reach the milestone.
- \* Rea Distribution to other beneficiaries  
 or multiple distribution needs  
 to be audited.
- \* Lack of field data.

### MEASURES:-

- \* Establishment of District level  
 committee to oversee poor relief  
 schemes.
- \* It comprises of MP, MLA's,  
 District collectors, District chairman,  
 president of District Panchayat,  
 Chief Engineer.
- \* ~~But~~ Limitation:- Public  
 opinion is missing in the

established committee

It has failed to target the audience to interact & participate in data feedback loop.

CONCLUSION:- Though Saubhagya Scheme started with Deendayal Upadhyaya Gram Jyoti Yojana by providing 24x7 electricity to rural home. All the above audit & challenge can be overcome with a 360° consultative approach.
